

Welcome to SE1 Dental

From patient focused dentistry, a clean and safe environment and a highly experienced team to state of the art technologies, a wide choice of dental treatments and to providing open and honest advice at all times; we are dedicated to excellence at every level of our practice.

Patient Focused Dentistry

We understand how important your smile is to you, and the real impact that the appearance of your smile can have on the way you feel.

We also understand that some patients may be feeling a little nervous when they visit us. It is for this reason that **we believe in providing dental care that has you, and your needs, at the very heart of it.**

We will always take time to understand your aspirations for your new smile as well as any concerns you may have about treatment. By discussing your queries, and fully answering any questions or queries you may have, we aim to help ensure you feel happy and confident in every stage of your treatment journey with us.

Clean and Safe Environment

Taking the safety and well-being of our team and patients very seriously, we follow HTM 01-05 guidelines on infection control to ensure you receive care in a continuously safe and clean environment.

In England, dentists are regulated by the Care Quality Commission (CQC) to ensure that we adhere to strict standards in patient care and clinical excellence. We are proud of the great feedback we received in our CQC Report that was filed after our latest Practice Inspection.

Therapist

Alysha Gupta (GDC Reg No: 278450)

Nursing Staff

All of our nursing staff are qualified and registered with the General Dental Council.

Training and Development

Each member of our team regularly takes part in continuing professional development so to ensure that their knowledge and skills, in their particular area of interest, are always up-to-date.

Every year, we also train our whole team in practice-wide systems such as 'first aid for dental practices' and 'health and safety in the workplace'.

Affordable Dentistry for all the Family

We aim to ensure that our patients have the opportunity to benefit from healthy gums, fresh breath and a confident smile in an affordable, convenient and professional way.

One of the ways in which we aim to do this is to offer a choice to see us either on a 'pay as you go' basis (so you pay as and when you see us) or to join one of our Denplan Budget Schemes.

Known as **Denplan Corporate**, **Denplan Essentials** and **Denplan Care** - and they each allow our patients to budget the cost of their dental care in slightly different ways. Please visit our website, or contact our practice, for more information about these schemes.

Helping you to Smile with Confidence

In addition to high quality and affordable general dental care, we also offer our valued patients a wide choice of cosmetic dental treatments.

These treatments (which include **teeth whitening**, **composite bonding**, **Invisalign** and **dental implants**) and can transform your smile in the following ways:

- Make your teeth whiter and brighter
- Change the shape and overall appearance of your teeth
- Align crooked and/ or crowded teeth
- Replace a missing tooth or several teeth

Booking an Appointment with us

If you would like to register with us as a new patient then please either call us, email us or get in touch with us via our website - and a member of our team will be able to organise a convenient time and date for your appointment with us.

Missed Appointments

If you find that you cannot attend your appointment, please let us know as soon as possible.

If you miss an appointment, or provide us with less than 24 hours notice to cancel your appointment, then we have to charge the full fee for this appointment.

Patients with Disabilities

We have wheelchair access via our front entrance and we have two ground level surgeries.

When booking your appointment with us, please ensure you make a member of our reception team aware of any particular needs or access requirements you may have, and we will be happy to help you.

Patient Feedback and Complaints

As a team of caring and conscientious dental professionals, we value the feedback that we receive from our patients as we see this as a way to keep constantly improving and building on the high quality dental care that we are proud to provide.

Should you therefore have any feedback, or a complaint, that you would like to share with us; then please let us know. You are welcome to discuss this with your dentist, or to put this in writing via an email to our Practice Manager, Angela Collis.
